Hello Sheri:

We received a new notice from Earth's Partners (David Penney and Heather Scholz) for:

**Rapunzel Mine - DOGM File Number S/023/083**

SW1/4 of SE1/4 Section 5  
Township 11 South, Range 7 West  
Juab County, Utah

I am also faxing you a copy of the notice and map.

Dave informed me that this project is located on a site that was operated by another party and the BLM was very happy that he was taking over this site, because it would now be cleaned up (which the other operator walked).

When he sent the paper work, it is the Potluck #25 formerly operated by Jerry Allen. We have been unable to get a correct address for Mr. Allen for quite some time now.

Thanks  
Joelle
